MESSAGE FROM THE FOUNDER

May 20th, 2017

Message from the Founder

On behalf of the members of GYL and the Board of Directors, I, the founder & chancellor, feel very honoured and privileged to welcome all the participants to the 8th Annual Global Youth Leaders (GYL) Forum.

As our world faces more and more uncertainty, instability and unavoidable rapid change, the need for potent leaders is ever more urgent. We can look here at home or abroad and see that strong, knowledgeable and compassionate leaders are needed to face the problems of today as well as the issues of tomorrow. Simply listing off the issues that the world is facing today will not fix them; we need leaders to tackle them instead. That is why I, together with Charles Kim (김창곤), founded Global Youth Leaders 9 years ago. Through participation in community activities, promoting positive changes, and embracing diversity, we have been able to make a meaningful difference in the world.

We have been able to foster leadership skills of the young individuals and build a compassionate and inclusive world for tomorrow.

I would like to thank the government dignitaries who have sent their very encouraging and inspiring messages to our young leaders. I am exceedingly thankful to all the sponsors and the GYL Mentors for their ongoing support. I would like to say a special thank you to Eun Ae Kim who is the chair of the board of directors and the board members who established the GYP scholarship for our bright GYL students. I would also like to thank the Secretary General, Charles Chang and all the volunteers, as well as the parents for undertaking such hard work for GYL.

Let us continue to work together and create a peace loving and compassionate world for our future generations.

Yours truly,

Raymond Cho

MESSAGE FROM THE SENATOR

May 2017

GREETINGS FROM THE HONOURABLE YONAH MARTIN

I am delighted to extend my sincere greetings to all participants of the 8th General Forum of the Global Youth Leaders (GYL).

For over 8 years, GYL has provided high school students in the Greater Toronto Area with the opportunities and the resources they need to become leaders in their community, in Canada and in the world.

As the 8th forum takes place, the GYL organizers and participants (past and present) can take pride in the record of successful projects to date: the Jamaican Dare to Care Orphanage project, a trip to the Philippines to build homes for victims of typhoons and offer homework clubs, and summer camps here in Canada for less privileged children.

I would also like to commend the forum organizers, sponsors and volunteers; and especially MPP Raymond Cho for his vision and leadership in mentoring and empowering today's young leaders through GYL forums, and inspiring them to become better global leaders of tomorrow.

On behalf of the Senate of Canada, best wishes for a memorable forum and continued success.

Sincerely,

The Honourable Yonah Martin
Deputy Leader of the Opposition in the Senate

MESSAGE FROM THE KCCA

토론토한인회 회장 이기석

Dear everyone,

I send my sincere respect and congratulations to the 8th Global Youth Leaders Forum.

It is necessary to support and encourage young generations in order to benefit the whole society and to foster a better future. Youth leadership is, regardless of the time and place, the health of all nations. Therefore, not only individuals but also society as a whole holds the responsibility to

provide resources for young adults to explore their potentials. The Global Youth Leaders (GYL) is definitely one of the most dedicated organizations that provide such opportunities for youths in Toronto. The GYL is committed to inspire and empower their members to become socially responsible leaders, who would promote the understanding, cooperation, and a stronger future in wherever they go.

Toronto is renowned for its multiculturalism, which makes it ideal for young adults to expand their outlook through the rich intersection of different cultures. The GYL has successfully carried out various local and global activities. Through participating in the training programs such as speech clubs or ICCN conferences, the students could develop their abilities and expand their networks. Through partaking in volunteer outreach such as Homework Club, Senior BBQ, and the assistance to Philippines and Jamaica, the students could learn the value of humanity and social contribution. There is no doubt that their experiences through GYL will enable them to develop a better prospect and vision.

I believe that the path which the GYL has walked until now, and the one it will continue, is having a positive impact on not only its members but also our society. The experiences of GYL members and their contributions to society are great forces that improve the society in which we live.

I express my best regards to the MPP Raymond Cho—the founder of the Global Youth Forum—as well as the staffs, members and volunteers of the GYL.

Thank you.
